Honeywell

6460
PREMIUM ALPHA KEYPAD FAMILY

6460S

6460W

Honeywell's 6460 Premium Alpha Keypad Family gives dealers the ability to differentiate from the competition and close more sales by offering value-added features and a new aesthetic style that is unmatched. The unique, symmetric plastic design and color schemes make this an ideal choice whether your customers have a light décor in their hallways, offices, stainless steel kitchens and garages or are just looking for something a little more rugged for their warehouses.

The center plug can be emblazoned with your dealer logo to help build your brand, increase your advertising exposure and serve as a referral tool. You can offer customization to the end-user as well as custom-programming the zones (e.g. Jennifer's Bedroom, Garage Door, etc.), so they know the exact nature and location of an alarm—allowing them to react quickly.

The vivid, negative-mode display and negative-etched keys give the keypad a little more of the cool factor and increase visibility in a darker area or from a distance. The four function keys are easily accessible and can be programmed for quick arming, controlling lights, opening a garage door, panic situations, health emergencies and much more. Self-adhesive labels are included.

FEATURES

- New symmetric design for a higher-end look
- Silver and black style is ideal for new applications like stainless steel kitchens, warehouses and garages (option in white and grey; 6460W)

- Negative-etched keys and vivid, negative-mode display for a contemporary, unique style
- Customizable plug for dealer logo
- Customizable zones to simplify end-user operation
- Four programmable function keys

- Speaker with audible beeps to indicate system status, exit/entry delay and alarm situations
- Large, 32-character display for greater visibility
- LED indicators for system (Armed and Ready to Be Armed)
